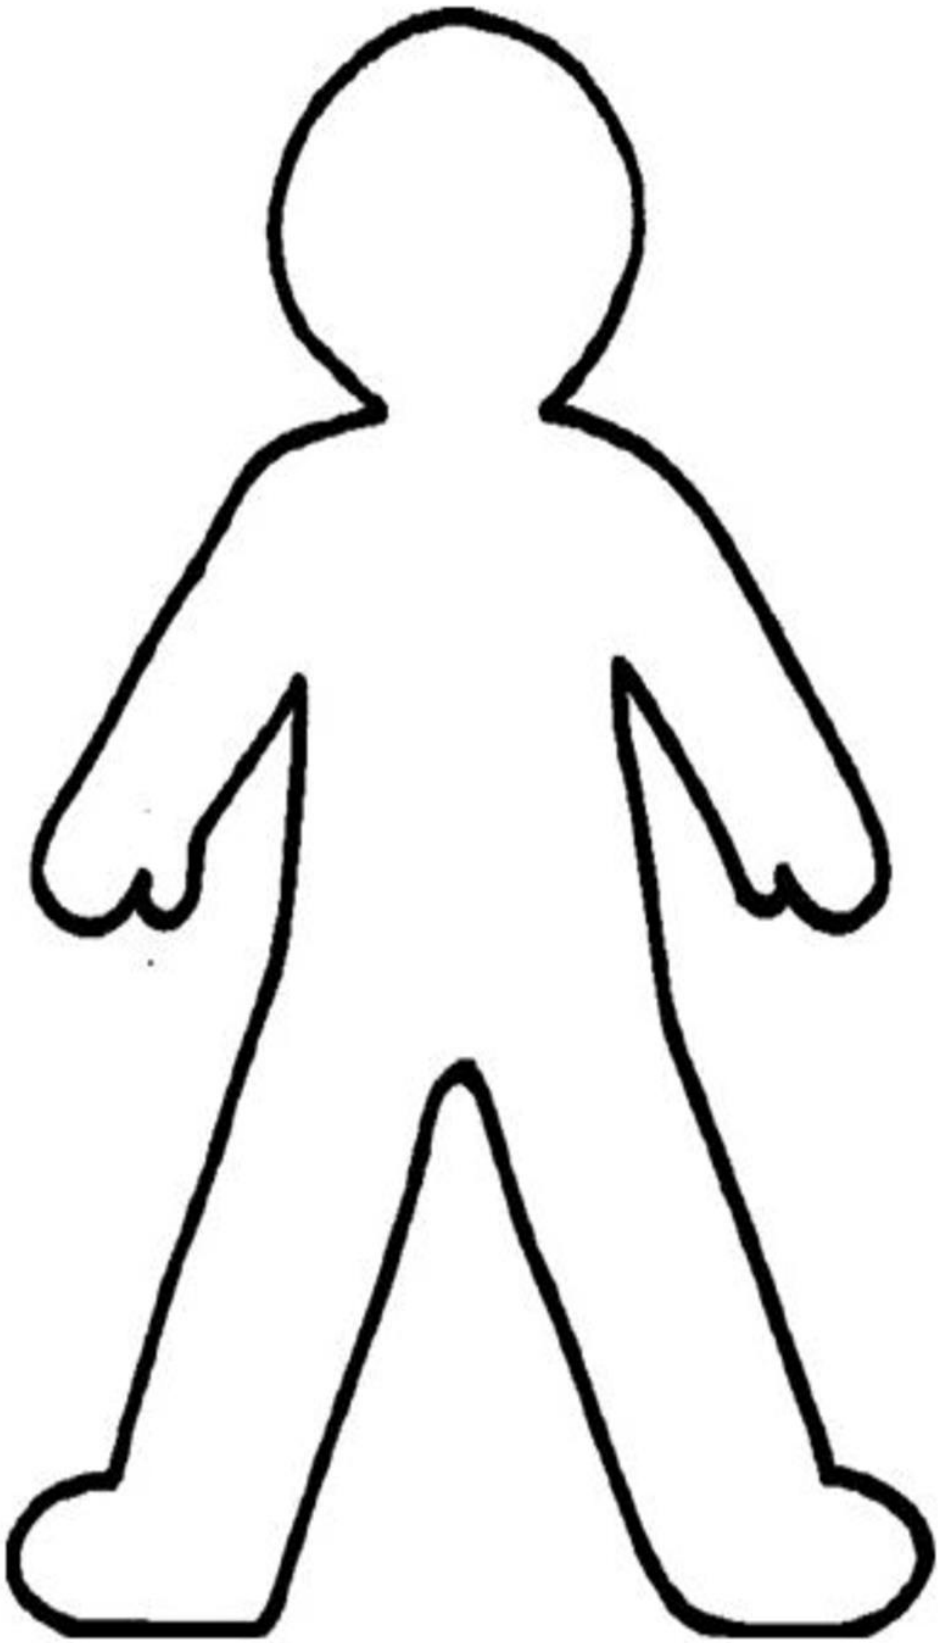
My Language Portrait

How do you communicate with others?
What languages do you use in your daily life? Why do you use them?
How has your use of language changed over time?
What do you hope for the future?

Your Task:

1. Colour the person on your sheet to represent all the languages and ways you communicate with others. You can also draw your own outline if you like.

2. Write about your portrait. Describe your languages and ways of communicating and how these influence your identity as a language learner.


3. Discuss your portrait to with a small group.
