## Planning around a theme

### Theme

- Language learning in themes helps you integrate competencies, skills and knowledge into meaningful contexts for students

### Appropriate texts (genres)

- What specific texts/genres can you think of related to that theme?

### Integrated assessment task/s

- What sorts of tasks naturally fit with this theme?

### Learning activities

- What types of language learning activities can be applied to these texts/ this theme?

### Scaffolding ideas for skills and knowledge

- How might skills and knowledge be sequenced to ensure scaffolding of learning?

### Applying grammar & language knowledge

- How might aspects of the knowledge evidence be incorporated or elicited from texts in this theme?
